yes at someone who needs act 48 credits but doesn't work for a school district, these programs are both convenient and valuable

Questions are random facts that I view as too picky for clinicians. This is CE not grad school and for MFT's LCSW's the test is ridiculous, so the time spent was longer,

excellent presentation

Efficient, supportive, great variety of presenters. Test questions are sometimes vague

excellent presentation

Phone personal were very helpful and the quality of the presentation was very high, I have already recommended it

I am definitely inclined to order more from J&K, my only concern is the program was so good entirely due to Barkley's presentation; though I am certainly going to try more of J&K courses in the future
